

## **SWINDERBY NEIGHBOURHOOD PLAN CONSULTATION**

Notice is hereby given that Swinderby Parish Council is formally consulting on Swinderby Neighbourhood Plan and its associated documents.

The Neighbourhood Plan has been produced over the past few years by a number of volunteers. The Plan has planning policies around the future development of the parish including housing development and the environment.

Once completed, the Neighbourhood Plan will be used to help determine future planning applications in the area by the Parish Council and North Kesteven District Council (NKDC). A referendum will be held with the community next year.

It is really important that we receive your comments on the draft Plan so that the Parish Council can make sure it accurately reflects the communities' views.

***The consultation period starts on the 1st November 2024 and closes on the 15<sup>th</sup> December 2024.***
