- Planning had been granted for the nearby waste holding site. The applicant had agreed to no right turns in or out of the site. The S106 would include routing and biodiversity. Information from the assessment would be copied to the Parish Council. The data will cover speed, amount of public present and quantity of vehicles.
- The Road Safety Partnership may put a post up for an additional speed indicator device on High Street.
- Cllr Woodruff had £3k available for local projects.
- Up to £15k was available for larger projects that benefitted the community. A committee would decide on the projects meeting criteria, The Parish Council can email details of projects directly to Cllr Woodruff.
